## THE FIRST DAY.

EVERY INCH IN THE PAVILION IS FILLED WITH EXHIBITS.

A Magnificent Display in all Departments.

A GOOD DAY AT THE RACE TRACK.

AT THE PAVILION.

The first day's exhibit at the Pavilion was an antonisher to everybody. Although not half the articles were in place, there was a display of fruit, vegetables and minerals that caused everybody to stare and entrance who entered the hall.

It was quite evident that the building of the Pavilion was a good thing and that the competition was going to be sharp in nearly every department. It is impossible to notice all the credible exhibits in one issue.

The most noticeable exhibit, and one that first caught the eye on entering the building, was the ore and fruit from Esmeralda county. The whole display was in charge of Jim Yerington. It was a showing of the gold, silver, copper, lead and sulphur. The Pamlico mine contributed most of gold display and it is no exaggeration to say that no one ever saw so much native, raw and crude gold in chunks as here. Some of it was pure enough to send to the Mint without refining.

Everybody who saw it suggested that Zirn and Schuitz trot out their Pine Nut strike and see how the two mines size up.

Inyo county had a fine display of fruit, corn, grain and vegetables. Inyo has always been regarded as a part of Nevada and her exhibits are always welcome. The display shows how large everything is down there and how quickly matured. The alfalfa and corn exhibits show the richness of the soil more than a thousand newspaper articles.

Hawthorne, located in the so-called "desert of Nevada," made a magnificent display of grapes, peaches, almonds, pears, peaches and sweet potatoes.

Some bunches of grapes from two-year-old vines weighed over two pounds and the apples and pears weighed 18 and 16 ounces respectively. The exhibit ought to cause more attention to be paid to grape and nut culture in this State. The mountainous districts of California produce the best wine because of the altitude and Nevada ought to beat their best vintage because the high and dry atmosphere of Nevada is best adapted to grape culture.

The Gilson and other ranches came to the front with display of apples, pears and peaches that would capture a premium at the World's Fair.

It equaled the Inyo and Esmeralda apple exhibit and peaches in color and flavor were far superior to any of the fruit ever received in this State from over the mountains.

Douglas county came to the front with mammoth vegetables and fruits. The pumpkins, cabbages, beets and carrots from up the valley are all at exhibit in the Mechanic's Pavilion in San Francisco.

## THE RACES.

The first race on the programme was a dash of half a mile. Dew Drop, The Jew, Billy McGuire and You Bet were the entries. The race was won by Dew Drop, The Jew second and Billy McGuire third. Time 50 1/2.

A three-quarters of a mile dash

was the next race. Macky, Idaho Chief and Minnie B. started, and the race was won by Idaho Chief after an exciting finish, Mackay holding the lead until a few yards from the home line.

The three-minute trot was a finely contested race. Hera won the first heat in 2:40 1/2. Anteo Jr. took the second heat in 2:36.

It was now evident that the horses which the knowing ones had been backing were not in it, and there was a decided forward movement toward the pool box to hedge out.

The third heat was something of a surprise. The field combined against the gallant two-year-old to beat her at every turn of the heat, but she trotted squarely to the front and won in 2:36, the fastest time ever made by a two-year-old in Nevada.

Everybody was well warmed up by this time and the drivers were fighting mad. There was considerable jockeying all over the track and Anteo came in ahead. The sympathies of the crowd now went to Hera, the little two-year old. She took the lead at the quarter and trotted gamely to the stretch when Esmeralda was started to the front by Bob Grimmon and the crowd gave a yell as he shot to the fore and won the heat.

There was not time to finish as the darkness prevented and the race was postponed until noon today.

## Girls, Try This.

I made a call on a very pretty young friend the other day, and was moved to comment upon the exquisite whiteness of her complexion. I begged her to tell me what particular face-bleach, or cosmetic, or wash she had been using. For a minute she hesitated, and then with a bewitching little pout, she said: "It is just butter milk." "Mamma told me about it," she went on to explain, and her old colored nurse told her years ago down in Kentucky when papa used to come and see her, and so the other day, when I was worrying over the freckles and sunburn on my face, she bethought herself of that old remedy and advised me to try it. I did so, and behold the result? "Is there any particular way to apply it?" I asked.

"Just wash your face well with water, and then take a silk sponge and 'pat' it on all over your face and neck. Then when you get up in the morning wash in clear water, and then in some more buttermilk, and dry your face thoroughly with a crash towel. You can get your milkman to bring you a pint or so every morning, and you will find it a cheap as well as a perfect cosmetic." Cincinnati Commercial-Gazette.

## "Douglas County Jail."

Gilbert Briggs, the genial proprietor of the Briggs Hotel, has leased the old Wells Fargo building during Fair week and has put in it a number of beds. Briggs is an ex-Sheriff of Douglas county and some of the boys, who know him, last Sunday procured a card and hung it on one of the front doors. On the card was printed in bold black type the following: "Douglas County Jail."

## ALL SORTS.

Remember the circus today.

Everybody is going to the show to-night.

There has been a club room opened at the Briggs Hotel.

We laughed and laughed and laughed at the Opera House last night.

Biglow & Halls' Refined Comedy and Specialty Co., Opera House to-night.

The street leading to the race track is very dusty and ought to be sprinkled every day of the Fair as it also leads to the Pavilion.

Field & Hall present a neat and wholesome programme, which is very laughable but at the same time perfectly moral and chaste.

Everybody is coming on excursion trains, on wagons, on horseback and on foot to see the great show at Carson Sept. 29th, morning and evening.

## MARRIED.

WYLLIE—DAY—In Ormsby county, Sept. 27, 1891, at the Day Ranch, by the Rev. George H. Davis Charles Wyllie to Miss Aroletta B. Day.

The young couple have been raised in Carson and the bride is an exceedingly handsome girl. Mr. Wyllie is a gentleman who never allows a "Day" to go by, and his old friends congratulate him on his choice. The pair left for California Sunday night and will make a tour of the State before returning to Carson, which will be their home.

The Appeal received the cake and wine, and tenders Mr. and Mrs. Wyllie its regards.

## Get Your Displays In.

People who do not furnish their entries in the Pavilion tonight can not secure space. A constant changing of position to accommodate tardy people is very inconvenient and tonight will end it. This is a very important feature to be acquainted with and must be recognized as an imperative rule.

## There is no Secret

About your buying shoes to advantage. You may not know any more about the quality of leather than you do about a lost comet but that is no reason why you should get "stuck." Either you get your money's worth or you don't and if you don't is your own fault. We are in the shoe business because we happen to know something about shoes and leather. It is "bread and butter" to us, therefore we make it a STUDY. Of the knowledge you get as much benefit as though you possessed it yourself for we place it entirely at your disposal and if you think that other houses can quote lower prices than we do, come and look at the goods and prices. We will put our time against yours and we feel confident that the result will be a mutual benefit.
